To The President, Toronto University,

My dear Sir:

I have been informed that the re-examinations this year are scheduled to take place on dates in September on which the Jewish New Years and Day of Atonement fall. Several students who were deficient in their last examinations have asked me whether it might not be possible for me through your influence to allow them to take the examinations on another day rather than on the most Holy days of the year. On which we Jews are not allowed to write or do any labours. This same case also applies to a number of students who are seeking entrance the coming September into the Freshman Class of your University. I have written to the Board of Education but have been referred by them to the University authorities requesting that you will consider this request favourably and thanking

Julius J. Price, Ph. D.

Dr. Julius J. Price,

495 Palmerston Boulevard,

Toronto.

Sir:

In the absence of President Falconer I beg to acknowledge the receipt of your letter regarding the examinations in September. I have spoken to the Registrar about the matter, as he has charge of the time table for the Arts examinations, and he tells me that he has made an offer to the Jewish students which will meet their difficulty.

As far as the Matriculation examinations are concerned the Matriculation Board has full control, and Mr. R. W. Anglin is the Secretary of the Board, at the Parliament Buildings, and any inquiry sent to him would be considered.

Would it not be well in the future for the Jewish Rabbi in Toronto to send word to the University and also to Mr. Anglin of these special dates each year, so that a recurrence of the present difficulty may be avoided ?

Yours very truly,

President's Secretary.
